Enter a description of the arts integration project your partner team will be developing. Be sure to name the art form(s) and content area(s) you will be using. It would also be helpful to provide a thumbnail sketch of what you will be doing and why you chose that unit/plan/lesson.

Our project will integrate music with poetry. Students will choose a specific feeling as the focus for their project. That feeling will lead them to a genre of music and then to one piece of music. The poetry they write will be inspired by the connections they make to the music. Students will recite their poem with the music playing in the background. In addition, students will create a sculpture that further connects to all of the above.

Approximate date when you anticipate implementing your lesson/project/unit.
