Enter a description of the arts integration project your partner team will be developing. Be sure to name the art form(s) and content area(s) you will be using. It would also be helpful to provide a thumbnail sketch of what you will be doing and why you chose that unit/plan/lesson.

This project was selected to accompany the IB Planner of "How We Express Ourselves" and to support our science unit of the water cycle. Poetry that the students will write will express their feelings on how the water cycle is a big part of their lives. The movement will be accompanied by music from various genres.

The project will be completed by March 24th 2011 as a part of a dance project with Tapdance.

Approximate date when you anticipate implementing your lesson/project/unit.
