School District: Williamston Community Schools

School Building: Discovery Elementary

Principal: Bronwyn Cobb Email: CobbB@gowcs.net

Description of the arts integration project:

All First Grade classes (5) will investigate the “Treasures” unit from Reading Street from May 19 through May 4. The elements for arts integration connections are yet to be determined. Students will create in the performing and visual arts classrooms to support content standards in the fine arts and language arts.

Question?

Can we determine accessible connections using Reading Street to bring in arts integrated learning? Many units include catchy music & strong imagery offering a bridge for classroom teachers to teach through the arts.
